

Safari Drive Drivers Questionnaire

Please help us to ensure that you have a safe holiday. We are concerned that you do not get into any driving situation that you are unable to handle. Please tell us if you are worried about any aspects of driving in Africa and we can arrange for additional instruction. Please return this form to Safari Drive

1) How many years have you held a full driving licence?

2) Have you ever driven a Land Rover Defender before?

3) Have you ever driven a 4 wheel drive vehicle before?

4) Do you know how to engage the Low Range gear box on a Land Rover Defender?

5) Do you know how to operate the Differential Lock on the gear box on a Land Rover Defender?

6) Have you ever driven in off road conditions before?

7) Would you like to participate in a specialist off road driving course before your departure?

8) Have you ever driven on sandy or corrugated roads before?

9) Would you like additional vehicle training in country before you set off on your self drive holiday?

Please read the Safari Drive handbook carefully especially the section related to driving conditions. We believe that your holiday will be more enjoyable and safer if you drive that little bit slower. Depart in the mornings a little earlier and travel in a relaxed fashion and not only will you see more of Africa you will arrive in better shape at your next destination. In remoter areas it is important to keep to lodge bookings as scheduled on your itinerary as a missed check in with a lodge may result in a search for you being initiated.

All Drivers Please Note ~ Conditions of Driving Safari Drive Vehicles

You will be driving other members of your group OR other members of an escorted trail group as part of your self drive holiday.
